LEGUMES

LEGUMES—Sweet Clover, Alfalfa, Cow Peas, Soy Beans, Austrian Winter Peas—**LEGUMES FOR DIVERSIFICATION, SOIL IMPROVEMENT, FEED AND SEED.**

The various varieties of cow peas are showing themselves, plainly, adapted to growing conditions throughout all Oklahoma. Planting season from May to middle of July gives ample opportunity for a seed and feed crop. Soy beans for best results should be planted early; say from March 1st to April 15th. Sweet Clover gives best stand results by planting during March and April. Alfalfa should be planted as soon as all danger of heavy freeze or frost is over. Austrian Winter Peas are showing up in great shape and we think will prove themselves one of the coming new crops of this section. They are planted only in the fall at wheat sowing time. All these crops should be inoculated with "Nitragin."

ONION SETS

The real value of onion sets to the home and market gardener should be determined in this way: Sets offered by grocery stores usually have a count of fifty or sixty to the quart and they are measured to you. Our sets are firm, dry and are weighed one pound for a quart and the count runs 150-250 sets to the pound. IT IS MUCH CHEAPER TO BUY GOOD SEED-MEN SETS AT A LITTLE HIGHER PRICE THAN CHEAP POOR SETS AT ANY PRICE. COMPARE CHEAP SETS WITH OURS IN QUALITY WHEN BUYING.

RHUBARB ROOTS

Our Mammoth Two Year Old Undivided Rhubarb roots are the finest grown. Every home garden should have at least one dozen planted in an out of the way place where they can be cared for. Do not neglect to use the luscious stalks the first season. They will live for years producing heavily and growing stronger. Market Gardeners have in our plants an unusual opportunity to get the best at reasonable prices. Roots, 2-yr., each 15c; Doz., \$1.00; 100, \$8.00. Ask for special prices on large quantities.

AGRICULTURAL DISINFECTANTS AND INOCULANTS

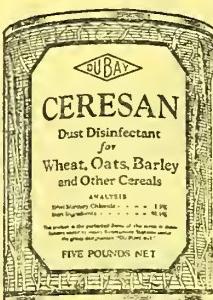

CERESAN is the greatest disinfectant for smut in oats, wheat, and all sorghum grains known. It effectually and cheaply controls smut. Easily used, Economical and certain. Increases yields.

CERESAN, 8-oz. tin 50c; 1 lb. 75c; 25 Lbs. \$12.50.

SEMESAN BELL controls potato diseases. 4 oz. 50c; 1 Lb. \$1.75.

Get prices on large quantities of these most valuable disinfectants.

Semesan, Jr. invigorates germination, cleanses seed, prevents rotting of corn seed. 4 oz. 50c; 1 Lb. \$1.75.

Fertilizers

Experiments made during the past three years by many Noble county farmers show and prove conclusively that fertilizers of the right kind used on Noble county farms can and do increase the yields to a real profit making basis.

Every farmer knows that any crop, regardless of what it is, takes certain elements from the soil which can be replaced in several of the most vital elements only by using concentrated fertilizers, commercial fertilizers. Nitragin can be made in the soil by the use of legumes, such as alfalfa, sweet clover, soy beans and cow peas. But potash and acid phosphate can be made available only by putting the commercial product as represented by fertilizer containing these elements. The farms during the past thirty years have used in crops available supply of phosphates and potash. The heavy decrease in wheat production proves conclusively that they are gone from the soil.

	1 Lb.	25 Lbs.	100 Lbs.

SOY BEANS

Rapidly becoming the finest crop for hay, pasture and feed purposes. A few acres will convince every farmer of their adaptability to the average Oklahoma farm and their great value.

We carry in stock the following varieties all at very reasonable prices. MUNG BEAN, HIGHLY RECOMMENDED FOR HAY AND PASTURE CROPS.

Virginia, among the best known.

Wilson

Laredo

Manchu

Morse

COW PEAS

Another most valuable crop; suitable for hay, pasture and seed crop. Easily grown and of far more value than most other hay crops. Do not neglect to plant a few acres at least. New Era, a heavy hay and grain producer. Whippoorwill, perhaps the best known but is no better for hay than Era.

Crowder, one of the finest for both hay, feed and human use.

Black Eye (Use "NITRAGIN" INOCULANT ON ALL PEAS).

PEANUTS

Virginia Jumbo, Tennessee Red and Spanish. Prices on request. All reasonable.

Grass Seed for Home and Pasture Use

BLUE GRASS, Kentucky, will grow in sheltered, shady areas. It requires a sweet limed soil for best growth. Plant heavily for sod.

WHITE CLOVER, getting a firmer foothold every year. Along creek banks, on the farm—we know many places where it is doing fine.

ENGLISH RYE GRASS. We know of several acres of this grass which has been planted for years, being heavily pastured. Getting better and heavier every year.

Our Guarantee

Our Guarantee Our Seeds are thoroughly recleaned, tested and of the highest quality. We guarantee them to be as represented in purity, germination, weed seed content and origin up to the full amount of the purchase price. Owing to many factors over which we have no control, such as weather, soil and seeding conditions, we cannot guarantee a crop.

We offer you the best seeds because it is the fair thing to do and because we want to stay in business and grow. But we cannot control planting and cultural methods and weather and soil conditions, all of which affect the outturn of crops.

BEAUTIFUL NEW HARDY PLANTS WHICH SHOULD BE IN EVERY GARDEN

We are listing for the first time, among our many other valuable and beautiful garden plants and shrubs, some of the most attractive and hardy perennial shrubs, plants and vines recently introduced. They are all absolutely hardy, adapted to our conditions in every respect, and we are listing at prices which should interest every lover of the beautiful.

Parcel Post orders will receive immediate and careful attention.

GYPSOPHILIA—"Bristol Fairy"

A wonderful advance over all other types. Flowers perfectly double, pure snow white and blooms continuously.

Strong Grafted Plants at Only 75c Each

TWO NEW HARDY SHRUBS FROM THE FAMOUS ARNOLD ARBORETUM

The Beauty Bush: Kolkwitzia Amabilis: One of the newest, rarest and most beautiful of the new shrubs. Perfectly hardy, Abelia like flowers, in great profusion. Stock limited, and young plants only, at 35c each; 3 for \$1.00.

Korean Spirea: A handsome spirea, brand new, from Korea. Abundant, large white flowers produced in graceful racemes, the first of all known spireas. This plant only in small size, stock limited, at only 35c each; 3 for \$1.00.

BEAUTIFUL HARDY HYBRID DELPHINIUMS—The Pride of the Garden

In shades of wondrous blue, rhapsodies in color, Delphiniums are the pride of the home garden. They must have a sweet soil, which can be secured by dressing the plot they are to occupy, with lime, at the rate of $\frac{1}{4}$ lb. to each plant, mixed thoroughly in the soil and about where the plants are to be set. We offer the following hardy Hybrid Delphinium, Larkspur, 2-year old plants at only 20c each, 3 for 50c, \$1.65 per dozen.

Belladonna, 4-foot tall, light blue.

Bellamosa, 4-foot tall, dark blue.

Grandiflora, a 2-foot light blue.

Gold Medal Hybrids, mixed colors, blue, dark eyes. at only 25c each, 3 for 65c, \$2.00 per dozen.

HARDY CHRYSANTHEMUMS FOR FALL BLOOMING

There are no finer, more beautiful flowers grown than the hardy, brilliant blooming Chrysanthemums. A riot of color when summer flowers have passed. We have selected the following sturdy, hardy 'mums. All plants at 15c each, heavy 2 year old clumps at 35c each. In the following colors and to name: Glory of Seven Oaks, early golden yellow; Autumn Glow, rosy red; Eva, deep rose pink; Golden Queen, bright yellow; Little Bob, deep reddish brown, pompon; Model of Perfection, small bronze yellow; Normandie, creamy pink; Snow Clad, pure white; L'Argentuillais, chestnut brown.

SPECIAL CLIMBING ROSES

Some of our customers, who a few short years ago planted along fences, on trellis or porch, the hardy, beautiful Van Fleet Climbing Roses, are now reaping a veritable harvest of pride, pleasure and rare beauty. Not only when the roses are in bloom; but the luxuriant, dark foliage is beautiful from early in the spring until the heavy freezes of winter. Our climbing roses are heavy plants and we offer them for this spring sale at only \$1.00 each, in the following varieties: Dr. Van Fleet, flesh pink; Mary Wallace, deep pink; Silvermoon, white; Seven Sisters, white and pink; Paul's Scarlet, wonderful red; Aviateur Blériot, yellow; hybrid; Bess Lovett, pink, hybrid.

These roses are real values at the above price. They should be extensively used this spring.

WONDERFUL HARDY CLIMBING VINES OF SURPASSING BEAUTY AND HARDINESS

For Pergola, Rear Fence or Lattice

The Beautiful Chinese Fleece Vine: Rapid grower, covered with foamy sprays of white flowers. 2 year plants only 85c each.

Clematis Pan. Grand: Hardy rapid grower, a riot of panicles of fragrant white blossoms, late summer and fall. We are pricing this wonderful clematis at only 45c each.

Clematis Coccinea: The red bloom counterpart of the above. Just as fine in every respect. 2-year-old plants at only 55c each.

BEAUTIFUL ROSES AT SPECIAL PRICES

We offer the Newest, FINEST VARIETIES of Hybrid tea roses, in heavy stock, at ONLY 55c each. Every rose offered is either 2 or 3 years old. Other catalogs offer roses of no better quality at much higher prices. Take advantage of this offer.

Every garden, whatever its size, can have the entire summer and fall flowers of beauty and distinction. A few seeds only, are required of the many fine varieties available, for many, many plants. Buy all these, our best selections of the newest, finest and best in last season's seeds. We know they will give you all the utmost satisfaction and beauty.

ZINNIAS, Giants of California, Dahlia Flowered and Lilliput. Plant in April and May.
